

McARDLE
SPORT TEC

ABOUT US

McArdle Sport Tec are specialist pitch and track contractors.
We have constructed in excess of 600 sports facilities throughout the UK.

As sports surface experts, we specialise in innovative designs and pioneering construction methods.

Our experienced team can deliver your sports facility project from initial conception, design, and planning through to installation, offering a truly turnkey service.

Facilities will be constructed in compliance with the relevant performance standards, such as FIFA, FIH, World Rugby, World Athletics, and other governing bodies.

More than just a surface

SPECIALISTS IN SPORTS PITCH CONSTRUCTION

McArdle Sport Tec understand that our clients are investing in unique, high-end sports facilities, and recognise that we are not just providing a sports pitch, but a facility which provides endless hours of enrichment, promotes exercise and activity, and engages solid friendships and teamwork.

OUR VALUES

FAIRNESS

We treat everyone as we wish to be treated ourselves.

McArdle are building a long-term business that is fit for the future and leads the sector in terms of environmental sustainability, professional conduct, and accountability.

BEST PRACTICE

We construct facilities in accordance with established standards, developed through experience to ensure a quality product.

Our goal is to provide high-quality sports facilities that exceed clients' expectations in terms of build quality, long-term performance, and player comfort.

COLLABORATION

We work closely with project partners to ensure successful outcomes and develop long-term loyalty with customers.

This enables us to provide higher quality facilities, constructed competently and efficiently.

- Artificial Surfaces
- Athletic Track Surfacing
- Ancillary Works (Car Parking, Access Roads, Fencing, Floodlighting & Sports Equipment)

More than just a surface

PROJECT:

CHILTERN HILLS ACADEMY

BRIEF:

Construction of a new community 3G football pitch to FIFA standards.

“From start to finish we were impressed at the professionalism, technical knowledge and determination of the team at McArdle’s. One year on from the handover and there has been good follow-up and support. Thank you for a fantastic project that will benefit the community of Chesham for many years to come.”

MR KEVIN PATRICK, PRINCIPAL AT CHILTERN HILLS ACADEMY

PROJECT:

SHREWSBURY TOWN FC

BRIEF:

Construction of a new community 3G football pitch to FIFA standards.

“At all times, prior to, during and post build, I found McArdle Sport Tec to conduct themselves with the utmost professionalism. We were kept fully up to date with the project throughout with great communication lines between ourselves, the site manager and head office. The McArdle team were approachable, considerate, professional and safe at all times, ensuring a project delivered to the highest standards whilst minimising disruption to our ongoing services.”

STEVE BURNSIDE, FACILITIES MANAGER AT SHREWSBURY TOWN IN THE COMMUNITY

PROJECT:

CANTLEY PARK

BRIEF:

Construction of a new community 3G football pitch to FIFA standards.

“I have worked with McArdle Sport Tec on two artificial sports pitch projects and have found the team an absolute pleasure to deal with. The finished product is always fantastic and completed to a high quality with zero snags at handover. The McArdle Sport Tec team from on-site operatives all the way up to Director level are a great bunch of people who all strive for excellence, and I look forward to working with them again on future projects.”

NEIL JONES, SENIOR CONSTRUCTION PM
WOKINGHAM BOROUGH COUNCIL

PROJECT:

WASHINGTON FOOTBALL HUB FOOTBALL FOUNDATION PARKLIFE PROJECT

BRIEF:

Construction of three new community 3G football pitches to FIFA standards and one new artificial turf rugby pitch to World Rugby standards.

“McArdle Sport Tec worked well with the builders on site, they exceeded expectations and delivered a truly first-class facility”.

FACILITIES MANAGER

PROJECT:

CHESHUNT RUGBY FOOTBALL CLUB

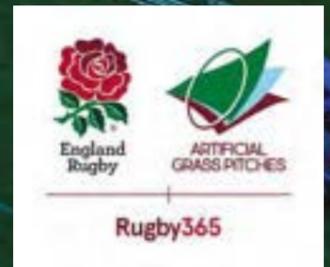

BRIEF:

Construction of a new 3G artificial turf rugby pitch to World Rugby standards as part of the England Rugby 365 project.

“I would have no hesitation in recommending McArdle Sport Tec to any club or organisation, who are looking to install an artificial sports pitch.

McArdle’s team have an extensive wealth of knowledge and expertise, providing exceptional guidance and service throughout the whole process.”

JASON BOWERS, AREA FACILITIES MANAGER AT THE RFU

PROJECT:

CHIPPENHAM RUGBY FOOTBALL CLUB

“We were really impressed by the team at McArdle Sport Tec who provided advice and support at the pre-commencement stage sharing their experience and putting the club members at ease.

This gave us the confidence that the right contractor had been appointed and as we moved into the build stage, we had regular communication with the site team who were not only consummate professionals but also understood the requirements of the club.

The whole project went very smoothly and in fact finished four weeks ahead of schedule which was a great surprise to the club however it meant our members could get early use of the pitch.

I would recommend McArdle Sport to other clubs who need not only a professional contractor but also one that always considers the needs of the club”.

IAN BANISTER, CHAIRMAN AT CHIPPENHAM RFC

PROJECT:

SHELFORD RUGBY FOOTBALL CLUB

BRIEF:

Construction of a new 3G artificial turf rugby pitch to World Rugby standards as part of the England Rugby 365 project.

“McArdle Sport Tec were a pleasure to work with throughout the project. They delivered a high-quality synthetic rugby pitch conforming to World Rugby standards on time and with no defects. We would recommend all clubs wishing to build a synthetic pitch to use McArdle Sport Tec to ensure they get a high-quality facility, delivered by a great team, that will stand the test of time and provide years of enjoyment for club members”.

M.B.MILLS, SHELFORD RUGBY CLUB

PROJECT:

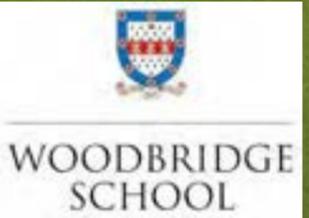

ST GEORGE'S

BRIEF:

Refurbishment of the match pitch including remedial work to the existing macadam base, installation of a new shockpad and artificial turf.

"We have been delighted to work with McArdle Sport Tec on the refurbishment of our main hockey pitch. Our aim was to install a first-class hockey facility and McArdle's have delivered."

ROB DEACOCK, GROUNDS MANAGER AT ST GEORGE'S COLLEGE

PROJECT:

WOODBIDGE SCHOOL

"Dreams do become a reality, and always great to meet quality people doing a quality job – the difference is in the detail."

MARIETTE RIX, OLYMPIAN & HEAD OF HOCKEY AT WOODBRIDGE SCHOOL

PROJECT:

UNIVERSITY OF BIRMINGHAM

BRIEF:

Reconstruction and reorientation of the university's existing sports facilities to provide two water-based hockey pitches to FIH Global standard which will be used for the 2022 Commonwealth Games. The project also included construction of a new 3G artificial turf rugby pitch to World Rugby standards along with ten tennis courts and new car parking facilities.

UNIVERSITY OF
BIRMINGHAM

PROJECT:

CARDIFF METROPOLITAN UNIVERSITY

BRIEF:

Reconstruction of an existing athletics track to provide a new six-lane 400m athletics track complete with a 3G artificial turf pitch infield to World Rugby standards.

PROJECT:

UNIVERSITY OF BIRMINGHAM

BRIEF:

Construction of a new eight-lane 400m athletics track complete with floodlighting and natural turf infield.

UNIVERSITY OF BIRMINGHAM

PROJECT:

READING FC BEARWOOD PARK

BRIEF:

Construction of a new training ground consisting of 11 pitches, including 3G, hybrid and natural turf along with ancillary works.

VALUE: £10.5m

“From initial discussions through to project handover, McArdle Sport Tec’s communication has been excellent. They have delivered a fantastic facility here at Bearwood and I’d have no hesitation in recommending them for similar projects.”

RAY BOOTH, STADIUM MANAGER READING FC

WHY WORK WITH McARDLE SPORT TEC?

McArdle Sport Tec have developed professional relationships founded on our exemplary reputation, delivering high-quality facilities on-time and on-budget.

We consistently exceed our clients' expectations in terms of build quality, long-term performance, and player comfort.

As the UK's expert in artificial sports pitch construction, providing innovative design and pioneering construction methods, we see clients regularly return to us for resurfacing, extensions, reconstruction, and upgrades to meet with new performance standards.

We offer a truly turnkey solution, from conception through to planning, design, construction, and completion.
